

Put your Business in the 2011 Wellington Calendar

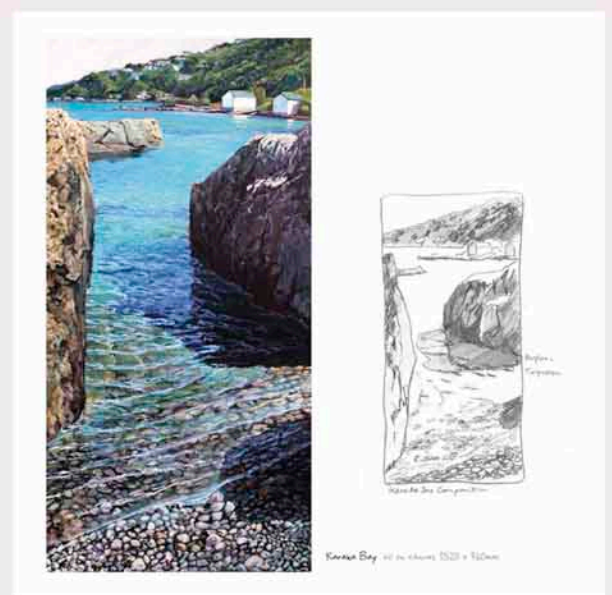

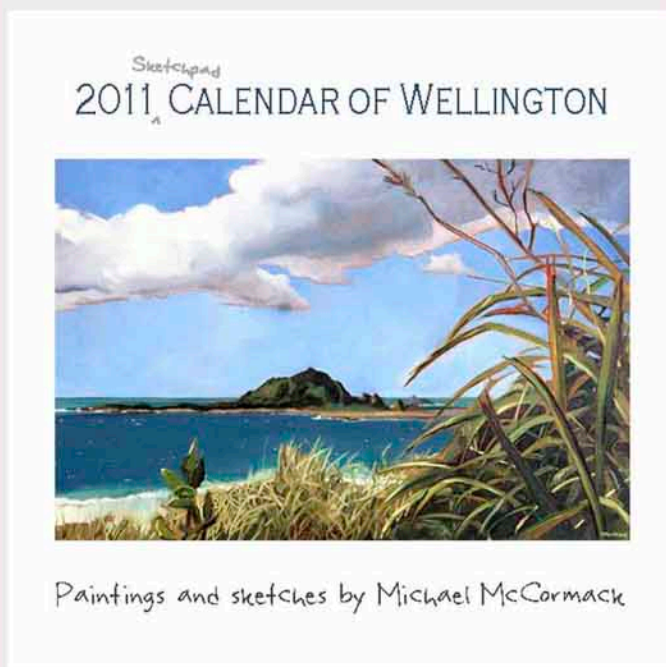

21 June 2010

The 2011 best selling calendar of Wellington by Michael McCormack is about to go to print. This year it is a different shape (300mm square) to make room for the full colour paintings and drawings. The personable views of the city make it a unique gift which people are only too happy to hang on the wall! For the next couple of weeks, before it goes on the press, your company has the opportunity to order calendars specifically branded with your logo and business details. This way your business can happily be on someone's wall too for all of 2011!

The calendar is printed on 150gsm art paper with a 310 gsm gloss laminated cover, shrink wrapped with a square mailing envelope.
